

**No one
chooses to
get cataracts,
but you can
choose who
restores your
vision.**

For better vision, there's no better choice than Optegra.

At Optegra we believe everyone deserves to enjoy life with crystal clear vision. That's why over the past 16 years, our expert team of eye care specialist shave successfully treated over a million eyes. So, if you're looking for a cataract provider, here's why we're the clear choice.

Shorter Waiting Times

While some providers could leave you waiting up to 10 weeks, at Optegra you'll be seen and treated by one of our highly skilled and experienced surgeons in as little as 2-4 weeks after your first referral.

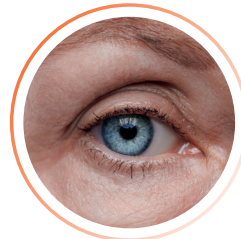

Best Industry Leading Results

With over 50,000 cataract surgeries already completed in the past 12 months, we're proud to say our expert team has an industry leading 99.1% success rate, free from complications.

Best In Class Lenses

To give you the best vision possible, we use the most advanced, premium Johnson & Johnson monofocal lenses.

Finest Patient Care

We're committed to taking care of you during every step of your treatment. In fact, our nationwide clinics and expert teams now have the highest-rated patient care on Trustpilot.

Helping you make the right call, during your upcoming referral call.

After being diagnosed with cataracts, your optician will refer you to the automated telephone system ‘Dora’ who’ll call you within 5 days. If you’d like to be referred to Optegra, here’s what to do:

Step 1 During the automated call, you’ll be asked for some general medical information along with your medical history.

Step 2 If you’re deemed to have ‘higher levels of complexity’ you’ll be automatically referred to your nearest NHS hospital, which means sadly we won’t be able to treat you.

Step 3 If you’re deemed as ‘non-complex’ you’ll be given four provider options to choose from. 1 and 2 will be NHS hospitals. 3 and 4 will be independent providers who are partners of the NHS (like ourselves).

Step 4 If Optegra hasn’t been listed, simply wait to the end and say *“I’d like to be referred to Optegra”*.

Step 5 Once you’ve requested Optegra, the automated ‘Dora’ system will send your medical records to us and we’ll call you to arrange a free face-to-face consultation.

Optegra receive the same fee as the NHS for treating you, ensuring no one offers better value than Optegra.

**Don't take our
word for it,
take our patients.**

“

I was delighted by my
Cataract operation
experience at
Optegra Hampshire

Hampshire - Chaloner

”

“

The staff are welcoming,
reassuring and professional,
putting me at ease immediately
