

For better vision, there's no better choice than Optegra

At Optegra we believe that everyone deserves to enjoy life with clearer vision. That's why over the past 16 years, our expert team of eye care specialists have successfully treated over a million eyes.

Your next steps to clearer vision

1. Visit your local optician to obtain a referral

Your referral will be sent directly to Optegra.

2. Telephone assessment

Once your referral is processed, Optegra will call you to ask a few medical questions and arrange your initial appointment at Birmingham.

Why Choose Optegra for Cataract Treatment?

See why Optegra Birmingham Eye Hospital is clearly the best place for your free cataract treatment

“I was very fortunate to find out that both eyes could be treated with a new element to the procedure which meant I did not have to apply any drops. When I had the treatment, I must admit I burst into tears! Very happy tears! I could see everyone and everything so clearly and honestly have never had vision like this in my life. I would recommend this drop-free treatment to anyone!”

Susan Moore ★ Trustpilot
★★★★★

Drop-Free Treatment

At Optegra, our drop-free cataract surgery eliminates the inconvenience, worry and difficulty of post-op eye drops, allowing a smoother, simpler recovery with the same trusted results.

Premium Lenses

To give you the best vision possible, you will receive the most advanced Johnson & Johnson monofocal lenses.

Finest Patient Care

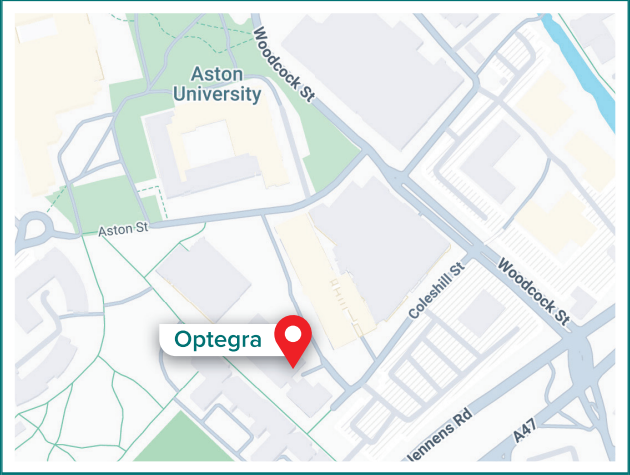

We're committed to taking care of you during every step of your treatment. In fact, our nationwide clinics and expert teams now have the highest-rated patient care on Trustpilot.

Best Industry-Wide Results

We're proud to share that we offer the very best patient care and the best cataract provider outcomes with over 99% success rate.

At Optegra, our drop-free cataract surgery eliminates the inconvenience, worry and difficulty of post-op eye drops, allowing a smoother, simpler recovery with the same trusted results.

Premium Lenses

To give you the best vision possible, you will receive the most advanced Johnson & Johnson monofocal lenses.

Finest Patient Care

We're committed to taking care of you during every step of your treatment. In fact, our nationwide clinics and expert teams now have the highest-rated patient care on Trustpilot.

Best Industry-Wide Results

We're proud to share that we offer the very best patient care and the best cataract provider outcomes with over 99% success rate.

For better vision, there's no better choice than Optegra

At Optegra we believe that everyone deserves to enjoy life with clearer vision. That's why over the past 16 years, our expert team of eye care specialists have successfully treated over a million eyes.

Your next steps to clearer vision

- 1. Visit your local optician to obtain a referral**
Your referral will be sent to the sorting centre.
- 2. Choose your provider**
The sorting center will call you with a selection of providers. If Optegra isn't offered, you can verbally request Optegra as your eye care provider.
- 3. Telephone assessment**
Once your referral is processed, Optegra will call you to ask a series of medical questions and arrange your initial appointment.

Why Choose Optegra for Cataract Treatment?

See why Optegra York Eye Clinic
is clearly the best place for your
free cataract treatment

“I was very fortunate to find out that both eyes could be treated with a new element to the procedure which meant I did not have to apply any drops. When I had the treatment, I must admit I burst into tears! Very happy tears! I could see everyone and everything so clearly and honestly have never had vision like this in my life. I would recommend this drop-free treatment to anyone!”
