Mr. Javad Moayedhi

Consultant Ophthalmic Surgeon

Locations:

Optegra London Eye Hospital

Optegra Eye Hospital North London

Patient Feedback

Mr Moayedhi was very professional and welcoming. He explained each stage of surgery and made me feel relaxed throughout.

All the staff and my surgeon Dr Javad Moayedhi were excellent. The team and the surgeon helped me relax before the surgery and gave a clear explanation of the surgery and aftercare. The surgeon was also reassuring during the surgery.

It was the best experience having cataract replacement surgery done on NHS by the most amazing surgeon Dr. Javad Moayedhi. It was the best experience for me as he was very calm and efficient in his job everything's had done smoothly in the few minutes and shook my hand saying congrats your surgery was successful. In addition of that all staffs were very caring and respectable. For those reason I thanks all staffs especially dr Javad at Optegra clinic at Colindale clinic for making my eyes operation into a wonderful experience.
