

Mr Mahmoud Radwan

Consultant Ophthalmic Surgeon

Locations:

Optegra Colchester Eye Hospital
Optegra Brighton Eye Hospital

Known for his calm manner, precision, and patient-focused care, Mr Mahmoud Radwan is a highly experienced Consultant Ophthalmic Surgeon at Optegra Eye Hospital Colchester. He looks after both private and NHS patients, specialising in cataract surgery, glaucoma care, lens replacement surgery and treatment of presbyopia (age-related difficulty with reading vision).

With over 20 years' experience, Mr Radwan has successfully performed many thousands of procedures, including cataract surgery, refractive lens exchange, premium lens implantation, laser eye treatments, and advanced glaucoma surgery.

Mr Radwan holds prestigious international qualifications from the International Council of Ophthalmology and the European Board of Ophthalmology, in addition to being a Fellow of the Royal College of Ophthalmologists. He is also an examiner for both the Royal College of Ophthalmologists and the European Board of Ophthalmology.

He is an active member of the European Society of Cataract and Refractive Surgeons, the European Glaucoma Society, and the Egyptian Ophthalmological Society. In addition, he is the UK Principal Investigator for major international studies, including the STAR VI and STAR LIFE trials.

What does Mahmoud Radwan value most as an ophthalmic surgeon?

My aim is to help patients achieve the best possible vision using safe, modern surgical techniques and the most advanced lens technology available. I believe in taking time to understand each patient's lifestyle and visual needs so that together we can choose the treatment that will provide the greatest improvement in their quality of life.

Patient Feedback

From start to finish I was treated with kindness and respect even though I was referred to them by my opticians on the NHS. Went to opticians middle of September and had my first eye done on 2nd October and are now having second eye done on 25th November Being able to see so much more a lot of times even without glasses and just one eye done at moment is wonderful. Thankyou Mr Radwan and the staff at Optegra Colchester.

Complete an absolute satisfaction from the first appointment through to surgery on both eyes. Staff could not have been more efficient, professional, friendly and reassuring. Mr Radwan has transformed my daily life. My thanks and appreciation to all the staff at Optegra Colchester.

Mr Radwan is an excellent surgeon and kept me informed every step of the way. I couldn't thank him enough. My distant vision is clearer and brighter than before, although I still need glasses for close work (like reading). Thank you

I had the privilege of being treated by Mr Radwan, Consultant Ophthalmic Surgeon, and I cannot recommend him highly enough. From the very first consultation, he made me feel at ease with his warm and approachable manner. He explained everything clearly and patiently, ensuring that I fully understood my options and felt comfortable with the decisions being made about my care. His surgical skill and expertise are outstanding, and I felt completely confident knowing I was in such capable hands. What stood out even more was his kindness and compassion – he genuinely cares about his patients, treating each one with respect and empathy. His calm and reassuring approach made what could have been a daunting experience feel safe and positive. Thanks to Mr Radwan, my vision – and my confidence – have been transformed. He is not only an exceptional surgeon but also a truly kind and considerate doctor. I am deeply grateful for the excellent care I received and would not hesitate to recommend him to anyone needing eye surgery.
